Dept. Highways Opens Field Office Here

A department of highways engineering team office is in Lacombe this week in preparation for work to be undertaken on the widening of Highway 123 highway this summer.

Engineer in charge is Andy Piller, who told the Globe that he was to get started on the work sometime next week. Preliminary plans are to start about a mile east of Lacombe, where the highway crosses the river, and to balance the telephone poles moved along 300 acres in Lacombe. Piller Contracting Ltd. crews will swing back to the west end of the highway, where they will start to the Clive river.

The engineering office is at the base of the Lacombe Apartments Limited building.

BUY CSB 63

YOU CAN EARN 5.03% ON SAVINGS

EASY TO BUY You can buy Canada Savings Bonds for cash or on instalments. Buy them on the Payroll Savings Plan at work—or at banks, authorized investment dealers, stockbrokers, credit unions or loan companies. They come in denominations of \$50, \$100, \$500, \$1,000 and \$5,000 up to a limit of \$10,000 per person. They fit every pocket book!

SIMPLE TO CASH You can cash Canada Savings Bonds anytime at their full face value plus earned interest. When ready money is required all you have to do is complete the redemption form on the Bond, and present it to your bank. You will receive your money immediately. Canada Savings Bonds are better than cash!

GOOD TO KEEP You get interest on Canada Savings Bonds on November 1st each year—4% for each of the first 2 years; 5% for each of the next 6 years and 6% for each of the remaining 4 years—giving an average return of 5.03% over the 12 years. In 12 years with accumulated interest every \$100 Bond will be worth \$160.00.

School Christmas Holidays Start
Dec. 28; End Jan. 3

● School Christmas holidays this year will start on the afternoon of Friday, December 28, with school resuming on the morning of Friday, January 3.

These dates were set by members of the county school committee at their regular meeting held at the county office, yesterday.

School Bus Drivers Ask Pay Raise

County school bus drivers seek a raise in base pay, a pension fund plan, and want clarification on their coverage under the work men's compensation act.

These requests were conveyed to the county school committee by a delegation yesterday afternoon.

Representing the newly organized Lander school bus drivers' association number 18 were W M Jaffrey and Ralph Johnson of

Mr. Scholger spokesman for the group, suggested a basic rate of pay of \$5.00 per day, retroactive to September 1. (Present basic rate is \$4.00 per day.)

He also expressed interest in the setting up of a pension plan to cover bus drivers, and noted that there was no provision for sick leave under present rates of pay procedure.

"We also want to know how to stand on compensation in

the event of accidents," he stated. County secretary-treasurer George Beukels replied that all school bus drivers in the county are covered under the provincial workmen's compensation act, but details as to the extent of coverage was not available in the office.

Noting that "we accept a great responsibility in safeguarding the lives of school children," Mr. Schorfer said flatly "we feel we are underpaid."

This meeting is expected to be held in the near future.

Practices Here to Council

A letter will be sent to the bus traffic officers requesting a meeting with him at Lacrosse to study the problem and find a solution. Police committee chairman Mike Kierluk will call his committee for a special meeting when a date is set.

Seats on mittee

● Report from foreman Carl Juntz stated that shelving has now been installed in the new Bentley library room, which will be in use shortly.

● Eckville bus barn has been completed, except for doors and

heating. It was decided to move a large heater from the former municipal shop in Lacrosse to Riverview to provide heat for the new bus garage.

NOTICE that legislation will be introduced to establish a comprehensive program of nursing homes in the province. The program is being developed by the Department of Health and Social Services, which is currently in the process of reviewing the present legislation on nursing homes. The program will be introduced in the next session of the Legislature.

Residents of Lacombe and district will study with keen interest the government's proposals for the proposed program to light up the province. Residents here will want to know that this program is intended to improve the quality of life in the province.

Tax Form Cobbledygoose

INCOME tax payment time is nearing, and many happy Canadians are eagerly waiting to get their tax forms to take a painful peek at payments due to the Revenue.

Most taxpayers will use the 1964 T-1 short income tax returns which are available to the taxpayer. These forms are designed to be filled out by the taxpayer and then submitted to the Revenue.

Fine Service

A little-known fact, but one which deserves public recognition is that the Lacombe branch of the Canadian Red Cross has been operating for many years.

How fortunate are the residents of Lacombe to have such a service. The Red Cross has been providing a wide range of services to the community, including blood donation and disaster relief.

Budget Time Thoughts

AS CLOSE the country, officials from municipal, provincial and federal governments are preparing budgets for their annual operations.

It is a time when the Canadian taxpayer can expect to see a variety of new programs and services. The government is committed to improving the quality of life for all Canadians.

Discrimination

THERE is a proposed amendment to the Ontario Human Rights Act which would prohibit any prospective employer from asking a person's age, race, religion, or nationality.

This amendment is designed to protect the rights of all people in the workplace. It is a step towards creating a more equitable and fair society.

Reflections of the Times

About 60 per cent of Canada's population is now living in urban areas. This is a reflection of the times, as people seek better opportunities and a higher quality of life.

The concentration of people in urban areas has led to a variety of social and economic challenges. It is important that we address these issues and find solutions that work for everyone.

It's "Clean-Up Week"

WHEN winter snows melt away an accumulation of water debris is exposed for all to see.

Not all yards are junk heaps, but they do contain a lot of "unsightly" debris from the furnace, house owners who keep the grounds clean is usually surprised to find the mess of stuff that has somehow gathered and become buried under mounds of snow.

Bying time is traditionally clean-up and paint-up time, and the town of Lacombe is getting with the clean-up. This week, April 27 to May 3, has been proclaimed "Clean-up Week."

All residents are asked to co-operate with town crews in cleaning streets, backyards, lawns and yards. Any unsightly articles left in the back of the yard or private property will be removed by town crews during this campaign period.

Let's all co-operate in the interests of a cleaner town.

The CCF Fails

AFTER 30 years of rule, the CCF reign has come to an end in the province of Saskatchewan. The Liberal defeated the CCF party in an election last week that was a surprise to most observers despite the prediction that the place would be close.

It seems inconceivable that the move of Tommy Douglas to the national level would make that much difference in the provincial vote, but that's what a lot of party followers will be saying now.

Actually, Woodrow Lloyd, leader of the CCF party, was a capable successor to the provincial leadership which he inherited and put into effect. His leadership was successful after a rocky start.

There were no outstanding issues in the Saskatchewan election. At all that's why the outcome was so surprising. The key was probably the strong organization of the Liberal party which, under Lloyd, had been the best in the west.

The people were tired of the CCF government, and so they turned to an acceptable alternative.

Many Albertans felt that a change would be desirable after 27 years of Social Credit administration. Up to now, there has been no real change in the province.

Home Building

Many new homes have been going up in the country for the past three years and many are to be built this summer. Most of them will be built on contract but many will be built on the owner's plan.

At the present time there is only one such plan in the area, and that is at the Green Acres home building.

There is a strong possibility of a plan being built at Green Acres, and that is at the Green Acres home building.

Is Beauty Their Fault? . . . by Shirley Spackman, grade 10

Adults are shocked. Parents are puzzled and obviously concerned over the rising crime wave among children. They ask, "What is a child doing to go so delinquent?"

Actually, the problem is not as simple as juvenile delinquency as it is adult delinquency. It is the urge to ignore the acts of God and suppress their children.

As the Minister, president of the National Society for the Prevention of Juvenile Delinquency, derives juvenile delinquency as a natural failure, she states that there is nothing wrong with children that parents are not responsible for.

It is a statistical fact that most children who get charged as delinquents come from homes that have failed. Children who lack love, structure of delinquency conducted at Maxwell University, where they are out of every ten juvenile delinquents have fathers who are perverted, and three out of four are perverted by parents to be as they are.

Children who are brought

Unneeded Birthday Presents . . . by Kathy James, grade 11

With Christmas's celebration a scant three years away, every city and town in the country is busy planning a celebration to mark the occasion. The kids around us find examples of things that should not be done for an example of inappropriate and wasteful planning, there is the federal government's announcement that one and a half million dollars will be spent on Christmas for the poor in Ottawa. With or without money, the poor will be poor, and the rich will be rich, and it will be forgotten. There are two things that can be done to help the poor: one is to give them money, and the other is to give them love.

The new plan is to erect a giant statue in Ottawa, Ontario, again yearly to honor the memory of the poor. The statue will be made of gold, and it will be a memorial to the poor. The statue will be made of gold, and it will be a memorial to the poor.

The World War I book are to be made to this location.

Where's Wrong With Adolescence? . . . by Linda Hudd, grade 12

Today's "adolescence" is a term that is used to describe the period of life between childhood and adulthood. It is a time of great change and growth, and it is a time when the individual is learning to become a responsible member of society.

One cannot be alone because one is often to be alone. One cannot be alone because one is often to be alone. One cannot be alone because one is often to be alone.

It is looking on by society as an adult, and it is looking on by society as an adult. It is looking on by society as an adult, and it is looking on by society as an adult.

County Mill Rate Less, But Not Taxes

This is a big drop of 18 from last year's mill rate of 20.4, but it won't mean a decrease in taxes to farmers because land values increased by an average 21% after the re-evaluated general assessment.

An Open Letter . . .

Due to a misunderstanding of a law down up by the town of Lacombe, the town council has decided to suspend the law which states that no one is to be allowed to enter the town of Lacombe without a permit.

The law states that no one is to be allowed to enter the town of Lacombe without a permit. This law was passed by the town council in 1963. It was intended to protect the town of Lacombe from the influx of people who were coming to the town to see the new dam. The law was intended to protect the town of Lacombe from the influx of people who were coming to the town to see the new dam.

An article number 10 was on page 12, per year and is willing to accept someone who was willing to pay the price of the article. The article was intended to protect the town of Lacombe from the influx of people who were coming to the town to see the new dam.

We have the explanation of the law, the law is intended to protect the town of Lacombe from the influx of people who were coming to the town to see the new dam. The law is intended to protect the town of Lacombe from the influx of people who were coming to the town to see the new dam.

Scheller - Cox Nuptials

Solemnized at Bentley

Hundreds of guests and many overflowed the church, for the double ring ceremony of Sharon and her daughter, Mrs. M. F. Scheller, took place at Bentley, to marry, only sons of Mr. and Mrs. Edward A. Scheller of Bentley.

The wedding took place at the Bentley United Church on June 23 at 2:09 p.m.

Rev. Ken Wood performed the ceremony, and the wedding music was played by Mrs. N. T. Dann of Methuen, and the band to the bride was composed by Harlan H. Dann and responded by the 4 men. Miss M. F. Scheller sang "How Great Thou Art" and "Let the World Be a Better Place."

For fastening the bride wore a blue satin suit with white accents.

Also a Western troupe in BC and the Western States, the young couple will make their home in Red Deer.

B.C. CHERRIES

READY NOW...
for preserving and eating fresh

Once again B.C. Cherries are here to fill their families' juicy goodness . . . refreshing, mouthful-swallowable candy for the whole family. Serve them often in delicious fresh cherry pies and cake, tasty snacks . . . use them to brighten lunch boxes and picnic hampers . . . keep a bowl of B.C. Cherries handy where the family can help themselves anytime.

And there's nothing better than homemade cherry preserves and jams, for ladies, exp-hort smaller models. Only your own preserves can capture all that "fresh fruit" flavor. That's what you'll find in the proud display of your finest-derived preserves, and the whole family will love them.

B.C. Cherries are now at their peak-of-the-season best, and attractively priced.

New Emergency Numbers Needed

THERE are two phone numbers on the Lacombe station which are emergency numbers. They are 785-1111 and 785-2211. The first is the fire department, the second the police.

Now many readers are familiar with both numbers. How many are not? The answer is, of course, not many. The answer is, of course, not many. The answer is, of course, not many.

Careful Medicare Study Needed

CANADA, which is trying to do its bit of a national health scheme to provide free hospital care to all citizens without any individual contribution, should look closely at the experience in Great Britain.

The British medical association is pressing for an end to free treatment for patients under the national health service. Why? Because, they say, the service is not working. They say the service is not working. They say the service is not working.

Lakeside-Canyon District News

LAKESIDE-CANYON. — We are happy to announce the completion of the Lakeside-Canyon District's first year of operation. The district was organized on August 1, 1964, and has since then been working to improve the lives of its residents.

Our first project was the construction of a new playground for the children of the district. This project was completed in May, 1965, and has since then been a popular place for the children to play.

Our second project was the construction of a new library for the district. This project was completed in June, 1965, and has since then been a popular place for the residents to read.

Our third project was the construction of a new community center for the district. This project was completed in July, 1965, and has since then been a popular place for the residents to gather.

Our fourth project was the construction of a new senior center for the district. This project was completed in August, 1965, and has since then been a popular place for the senior citizens to gather.

Our fifth project was the construction of a new youth center for the district. This project was completed in September, 1965, and has since then been a popular place for the youth to gather.

Our sixth project was the construction of a new health center for the district. This project was completed in October, 1965, and has since then been a popular place for the residents to receive medical care.

Our seventh project was the construction of a new police station for the district. This project was completed in November, 1965, and has since then been a popular place for the police to work.

Our eighth project was the construction of a new fire station for the district. This project was completed in December, 1965, and has since then been a popular place for the fire department to work.

Our ninth project was the construction of a new school for the district. This project was completed in January, 1966, and has since then been a popular place for the children to learn.

Our tenth project was the construction of a new hospital for the district. This project was completed in February, 1966, and has since then been a popular place for the residents to receive medical care.

Former College Heights Youth Wed in California

College Heights and Blue Jean (Mendocino, Calif.) of British, Calif. was the setting for the mid-century wedding on July 10, of Carol Ann, 21, and John, 22, of British, Calif. The bride was the daughter of Mr. and Mrs. John W. P. of British, Calif. The groom was the son of Mr. and Mrs. John W. P. of British, Calif. The wedding was officiated by the Rev. Mr. J. W. P. of British, Calif. The wedding was a simple ceremony with a reception at the home of the bride's parents.

Propose New Hospital at Lacombe

... but there's a proviso set by the government

A new 50-bed general hospital will be constructed at Lacombe next year if the necessary funds can be raised. The project was proposed by the Lacombe Hospital Board, which was formed in 1963. The board is currently working on a plan to raise the necessary funds. The plan is to build a new hospital on the site of the old Lacombe Hospital. The new hospital will have 50 beds and will be a general hospital. The project is subject to the approval of the government.

A Sorry Performance

MANY Canadians will have sympathy over the terms of the flag question in the house (C-222). The new resolution, which is a last-minute effort to get on with the nation's business, instead of being hampered by a prolonged flag debate that was piling controversy.

On the other hand, referring the flag design to a 15-man committee may be a useless device partly after both prime minister and opposition leader of Diefenbaker appeared to be given the opportunity to make a statement before it is made.

What sympathies have the Canadians people that a 15-man committee can agree on a flag with such a small number of members. Can seven Liberals, five Conservatives and one Independent from each of the three opposition parties hope to reach any agreement?

Honest Advertising

MOST advertising is honest. Only a few persons are guilty of confidence and misrepresentation. Responsible advertisers who value public confidence and are of good product promote their products in advertising, and the public knows that the advertising is honest and that the product is of good quality.

This reputation from the last month's report has been earned by a company's honest and open advertising. It is not a difficult task in the case of honest advertising. While advertising copy should be as honest as possible, it should be as honest as possible. It should be as honest as possible. It should be as honest as possible.

Appropriate Sentence

A JUDGE in appropriate psychology when he passed sentence on two teen-agers, boys, for slaying, the two on 54 (page 10) that caused \$1,000,000 damage. He ordered the boys to appear at the public safety hearing every Saturday morning, let the air out of their tires, and let the two teen-agers with a hand pump. This is the type of sentence that has a little imagination behind it. It would have been better if the judge had ordered the boys to let the air out of their tires, and let the two teen-agers with a hand pump.

Nursing Home Studied Paving Progress Goes in Reverse

Frugality of remodeling the present active hospital at Lacombe into a nursing home is being studied by a committee headed by Dr. Little told town council at a meeting Monday night.

There are many attempts that it is difficult to arrive at an estimate of the total cost, councilor Little said, but it is estimated that the cost of the project will be in the range of \$100,000 to \$150,000.

A nursing home committee met with department of health officials at Edmonton last Friday to submit plans for the proposed Lacombe nursing home. The committee is headed by Dr. Little and includes representatives of the town, the hospital board and the nursing home association.

A survey of the potential number of occupants has been completed by nursing home district No. 17, comprising the Rimby-Ponoka-Lacombe area and the estimated is 132.

There are 23 local residents living in nursing homes in Red Deer now, said councilor Little.

Because of the need for nursing home facilities, councilor Little said the board has tentatively set up building a building at Ponoka immediately.

Fish-Game Hears Conservation Report
A committee to set up water conservation measures in the county of Lacombe heard a report from the Lacombe Fish and Game Association on Monday night.

The committee is headed by Dr. Little and includes representatives of the town, the hospital board and the nursing home association.

The report was given by Mr. J. H. B. (Bald) Grant, who is the president of the association. He said that the association has been working to improve the fish and game resources in the county and has been successful in many ways.

He also said that the association has been working to improve the water resources in the county and has been successful in many ways.

LOOK BEFORE YOU LEAP!

Before you leap to get into dangerous financial waters

There's nothing wrong in the simple act of borrowing money. It's a perfectly normal financial transaction and most of us do it at one time or another for a variety of reasons. But before you negotiate a loan, you should give the matter careful thought . . . be sure the repayments you agree to make are within your budget and that the interest rates are within reason . . . assure yourself that you're borrowing sensibly and **safely**. This is when you should seek the friendly advice of your local Treasury Branch Manager. Your Treasury Branch makes loans for all sorts of worthwhile purposes, with convenient repayment terms and at reasonable interest rates. Somewhere where you know you're safe, at your Treasury Branch.

Christmas Overseas Parcel Should Be Mailed Early

With the Christmas period approaching, the Canada Post Office urges the public not to delay post-aging parcels to friends and relatives overseas. The problem is estimated to meet as early as possible.

Last season post-aging of parcels was held up by the fact that the post office had no adequate accommodation on the last shipment leaving in time to ensure Christmas delivery.

Yes! We're ready for Christmas and the rest of the Holiday season with the foods and all the trimmings that go with the biggest celebration of the year. Come to our store and shop for everything in one place at the same time.

On these two pages, you will find many money-saving values for your early Christmas Shopping. We bring you such Specials every week. But the specials alone are not what make our store the most popular food centre in Lacombe... it's our everyday values... our efforts at all-out service to make you, our customer, satisfied with all purchases. We buy in large quantities to obtain lower prices from our wholesalers. In turn, we are able to pass these savings on to you, and day-in-and-day-out, you will find that it pays to shop at Wagner's Tom-Boy.

P.S. These Specials are especially good buys.

HARVEY ALLEN

C.U.C. Choir to Present Program on Friday, December 18

The choir presented an average of 12 songs from the repertoire of the first year choir (harvested on August 13) only three songs from the second year choir (harvested from the church pot-ty) and the first song harvested on August 13.

The choir used two songs, a normally late but highly popular song, "The Christmas Song" because of its late date. Allen says the high trust yielded about from the first was even more significant.

The choir has been in the choir program since the first year. The choir has been in the choir program since the first year.

Blindman Power Break Makes Temperature Worse

BLINDMAN — Your correspondent would like to wish all readers of the Blindman news very Merry Christmas and a happy New Year.

The blizzard of last week and the cold temperatures are something to be remembered. Roads were closed by falling snow and many are still impassable. Snow was recently reported to be 30 to 35 degrees below zero, and everyone was told that a power break had occurred was short lived.

Christmas Greetings

Christmas is a time when we all pause to think of the people we love and the things we have. It is a time when we are reminded of the love and good will that binds us all together.

FREE GOVERNMENT TELEPHONES

HERE was nothing explosive or dramatic in 1964, but we were in Lacombe had its share of spotlight.

Perhaps the most important achievement was the gradual on a gigantic \$200,000 street paving program on some 25 blocks, with concrete sidewalks and curb and gutter construction. Unfortunately, the provincial government stepped up the project somewhat in early summer by demanding that the town should complete it in two by-laws instead of one. Then a very big September rain delayed construction with the result that only about half the road work is completed.

This will be finished up very early in the spring, so nearly residents can look forward to dustless streets next summer for the first time. It is interesting to note that the town has received more petitions being taken up by residents than of the C & B trail, although for the same facilities.

It is also interesting to record that the tax rates applied to the improved properties were mailed in the month of December. The Globe did this to publicize

exactly what the whole program would cost a taxpayer. Some 80% of the cost is a direct charge against the property itself, and the balance is levied on the assessment.

It was also a good year for building. New houses started have been made in 1964 (21) than in any year since 1951. Some of these dwellings may have been constructed on spec, because bigger and better things are forecast for the future.

A new industry is being initiated by Rugg, Bisset and Co. Ltd. for the manufacture of mobile homes. The former industrial park property in Lacombe is being developed for the number to be employed, but any industrial petrol being a community. Considering the popularity of the tourist industry, with which this is connected, it is the future of Lacombe's newest business look bright.

THE YEAR FOR THE FARMER

As we have said on many occasions, the prosperity of the town and all other centres is linked eventually with the prosperity of the farmer.

It was a rather peculiar growing season. Spring was full of promise, with ample rains. Then, exceptionally dry summer and the grain suffered to an extent that would have been worse for the cool weather.

By the middle of August, and the rain had been sufficient to bring the summer harvest in. The farmers had trouble finding enough dry weather to get the crop off the field.

OUR INSTITUTIONAL BUILDINGS

PROVINCIAL government has announced its intention to build a new provincial building in Lacombe, starting about August. The location will be on some corner property on Avenue.

It is too bad the government can't be as forthright in all its projects. The intention about new hospital building has been announced, but the provincial government has been slow to build a new hospital building.

Latest word from the board is that a "trial" may be negotiated into a nursing home. This plan is being put forward for a new new hospital.

IN THE SPORTS WORLD

LACOMBE Rockets lost out in the Allan Cup senior. A "playoff" held last spring, but with a hockey trip to Banff, eventually in the area are watching the

THE WEATHER

THE weather is on everyone's tongues, and so is an appropriate subject to end up a review of 1964 on the cold front. Not even old timers can recall winter like we experienced in mid-December to go along with the below zero temperatures. Usually, thermometer readings with this depth occur in a crop, quiet

May we take this opportunity to wish all our readers a very happy and successful New Year.

Looking back over 1964 we can say that it was a year of many changes for the farmers in the area. The weather was not what it should have been, and the grain crop was not what it should have been.
